HIGHLIGHTS

Southwark recently implemented **technology upgrades** throughout the school, including a new computer lab, SmartBoards and iPads for K-2 classrooms. The school boasts a thriving **computer programming and coding curriculum**, as well as **art and dance programming** for all students.

Our thriving **Two-Way Spanish Immersion Program**, launched in September 2014, is a flagship for immersion programs citywide.

A **comprehensive redesign plan for the schoolyard** as a learning, play, and community space, was completed in 2015 and plans for fundraising and construction are underway.
